Mission & Vision

We are a non-profit organisation working in [Belgium](#) and [Lebanon](#) to assist those escaping conflict. We do this through our [education](#) and [empowerment](#) programs. In addition, we provide [aid](#) to those most in need as well as [advocating](#) on behalf of the people with whom we work.

SB OverSeas was set up in May 2013 in response to the emerging humanitarian crisis caused by the Syrian conflict. Since then we have been working to give hope to refugees and asylum-seekers.

Belgium

Headquarters of SB OverSeas

In Belgium, we coordinate activities on the ground in Lebanon as well as running two civic engagement projects:

- SB Espoir: facilitates integration of unaccompanied minors living in reception and observation centres.
- S'engager pour la paix: promotes active citizenship for vulnerable youth in Brussels.

In addition to this, we run our communications, project development, fundraising and advocacy activities from Brussels.

Lebanon

Beirut, Arsal and Saida

In Lebanon, we work in three locations: Beirut, Arsal and Saida. In each location, we have 'catch-up' schools to provide access to education for refugee children as well as centres which provide vocational courses, empowerment programs and psychological support. In addition, we provide humanitarian aid to those most in need.
